SAFETY AND SECURITY ALERT

Report all suspicious activity or crimes to us and local law enforcement authorities immediately.

VISA CHECK CARD/DEBIT CARD

Your VISA CHECK CARD/DEBIT CARD gives you the power to bank at your convenience-24 hours a day. Your card, when used with your Personal Identification Number (PIN), becomes as good as cash.

With the recent increase in personal thefts, it is possible that your card and your PIN could fall into the wrong hands. To keep your funds safe there are some important tips to remember:

- Carefully safeguard your VISA CHECK CARD/DEBIT CARD, and immediately report to the bank any loss or theft of your card or device.
- Memorize your PIN – do not leave it on a note in your wallet or purse, or store it with extra cards at your residence.
- Never divulge your PIN to anyone. You will never be asked for your PIN by a Clackamas County Bank employee or law enforcement representative.
- Keep your VISA check card/Debit card in a tiered, see through pocket container so you'll easily know when it is missing.
- Take your ATM receipt with you; retain it until you get your account statement. Review your statement immediately upon receipt to verify that no unauthorized debits have been applied to your account.
- Be aware of your surroundings, particularly at night.
- Do not use an ATM if you notice that the regular lighting serving the area is not functioning properly.
- Consider having someone accompany you when the automated teller machine is in use after dark.
- If another person is uncomfortably close to you, ask the person to step back before you complete your transaction.
- Refrain from displaying your cash at the ATM. As soon as your transaction is completed, place your money in your purse or wallet. Count the cash later in the safety of your car or home.
- Consider using another automated teller machine or coming back later if you notice anything suspicious. If you are in the middle of a transaction and you notice something suspicious, cancel the transaction, pocket your ATM access device and leave.
- Go to the nearest public area where people are located if you are followed after making a transaction.
- Report all crimes to law enforcement officials immediately.
- Do not write your personal identification number or code on your ATM access device.
- If someone tries to rob you, do not attempt to resist. No amount of money or loss of property is worth risking your life or personal injury. Surrender any money or items demanded of you, and report the incident to the police and financial institution immediately.

Our Liability for Failure to Make Transfers-

If we do not complete a transfer to or from your account on time or in the correct amount according to our arrangement with you, we will be liable for your losses or damages. However there are some exceptions. ***We will NOT be liable for instance:***

- If, through no fault of ours, you do not have enough money in your account to make the transfer.

- If the money in your account is subject to legal process or other claim restricting such as a transfer.
- If the transfer would go over your credit limit on your overdraft line.
- If the ATM where you are making the transfer does not have enough cash.
- If the terminal or system was not working properly and you know about the break down when you started the transfer.
- If circumstances beyond our control (such as fire or flood) prevent the transaction, despite reasonable precautions that we have taken.

There may be other exceptions stated in our agreement with you.
